Bust - Measure around your chest at the fullest point. Make sure the tape measure goes under your arms.

Waist - Measure around the smallest part of your waistline with one finger between your body and the measuring tape.

High Hip - This is where most of your dance shorts and leggings naturally sit. Stand with your heels together and measure around your body halfway between your Waist and Full Hip.

Full Hip - Stand with your heels together, keeping measuring tape straight and parallel to the floor. Measure around the fullest part of your hips.

Girth - Place tape measure at the top of shoulder where a leotard strap sits, then down through the crotch and back to the same shoulder. Measuring tape should be close to the body but not tight.
